“This is the first time in my life that I have started to feel appreciation for myself. You have no idea what that is worth to me. For years I have beaten myself up, believed I was no good and to finally find out how to shift that perception and to see something in myself that is real, acceptable and lovable is the biggest blessing. Thank you for helping me to shift a really big block. Thank you for helping me set myself free. You have no idea how much that means to me.” **Jackie Smith**

“I can guarantee John’s techniques, ideas, insights and challenges. He’ll take you to the next level. Dr. Demartini is one of the all-time great and inspiring teachers, speakers, writers and leaders. I love learning from this wise man who is becoming cosmically conscious. All want to sit at his feet like Plato did Socrates.” **Mark Victor Hansen, Co-creator of Chicken Soup for the Soul**
